Data Dictionary for "Details of probable/confirmed cases of COVID-19 infection in Hong Kong"

This dataset provides the details of probable/confirmed cases of COVID-19 in Hong Kong.

Column	Туре	Description
Case no.	Number	Case Number
Report date	Date	Report Date
	(dd/mm/yyyy)	
Date of onset	Text	Date of onset
		It is either a date format of
		dd/mm/yyyy or a free text
Gender	Text	Gender
Age	Number	Age
Name of hospital admitted	Text	Name of hospital admitted
Hospitalised/Discharge/	Text	Hospitalised/Discharge/
Deceased		Deceased/Pending admission#
HK/Non-HK resident	Text	HK/Non-HK resident
Case classification*	Text	Case classification
		Available options:
		Close contact of imported
		case
		 Close contact of local case
		 Close contact of possibly
		local
		 Imported
		 Local case with unknown
		source
		Possibly local
Confirmed/probable	Text	Confirmed or probable case

^{*} The case classification may be subject to changes when there is new information available.

Information on patient's admission is updated as of noon, as the patients waiting admission will be transferred to hospitals within short time, please refer to the Hospital Authority's information for the latest situation.

- 1. Suspected cases were reported under enhanced surveillance system from 31 Dec 2019 to 7 Jan 2020.
- 2. "Severe Respiratory Disease associated with a Novel Infectious Agent" has been a notifiable disease, with effect from 8 Jan 2020. Cases were reported as suspected cases of "Severe Respiratory Disease associated with a Novel infectious Agent" since 8 Jan 2020.

Data Dictionary for "Residential buildings in which probable/confirmed cases have resided in the past 14 days or non-residential building with 2 or more probable/confirmed cases in the past 14 days"

This dataset provides the list of residential buildings in which probable/confirmed cases have resided or non-residential buildings with confirmed / probable cases visited.

Column	Туре	Description
District	Text	The 18 administrative districts in Hong
		Kong
Building name	Text	Name of building with confirmed cases of
		COVID-19 infection
		Remark will be provided if the building is
		non-residential
Last date of visit of	Date	Last date of visit of the cases
the case(s)	(dd/mm/yyyy)	The field is blank when no information is
		available.
Related	Text	Related probable/confirmed cases
probable/confirmed		
cases		

(Note: The residential buildings will remain on the list for 14 days since the reported date. The non-residential buildings will remain on the list for 14 days since the last date of visit of the cases.)

Data Dictionary for "Latest situation of reported cases of COVID-19 in Hong Kong"

This dataset provides information of latest situation of reported cases of COVID-19 in Hong Kong.

Column	Туре	Description
As of date	Date	Update date
	(dd/mm/yyyy)	
As of time	Time	Update time (24:00)
	(hh:mm)	
Number of confirmed	Number	Number of confirmed cases
cases		
Number of ruled out	Number	Number of ruled out cases.
cases		The field is blank when no
		information is available.
Number of cases still	Number	Number of cases still hospitalised for
hospitalised for		investigation.
investigation		The field is blank when no
		information is available.
Number of cases	Number	Number of cases fulfilling the
fulfilling the reporting		reporting criteria.
criteria		The field is blank when no
		information is available.
Number of death cases	Number	Number of death cases
Number of discharge	Number	Number of discharge cases
cases		
Number of probable	Number	Number of probable cases
cases		
Number of hospitalised	Number	Number of hospitalised cases in
cases in critical		critical condition
condition		

Remark:

 Due to differences in cut-off time, some confirmed cases may not be included in the cases fulfilling the reporting criteria at the reporting time. The number of cases fulfilling the reporting criteria may occasionally not tally with the sum of confirmed and probable cases, ruled out cases and cases still hospitalised for investigation.

- 2. Starting from 6 April 2020, the Department of Health will not publish the number of cases fulfilling the reporting criteria of Severe Respiratory Disease associated with a Novel Infectious Agent in Hong Kong, number of cases which were ruled out as COVID-19 in Hong Kong and number of cases still hospitalised for investigation.
- 3. The data on "Number of hospitalised cases in critical condition" is available since 6 April 2020.

Data Dictionary for "List of flights/trains/ships/cars taken by probable/confirmed cases of COVID-19 during the symptomatic phase in the past 14 days"

This dataset provides information of list of flights/trains/ships/cars taken by probable/confirmed cases of COVID-19 during the symptomatic phase in the past 14 days.

Column	Туре	Description
Flight/Train/Ship	Text	Flight/Train/Ship/Car number
number		
Departure & arrival	Text	Departure & arrival
Date of travel	Text	Date of travel
Related	Text	Related probable/confirmed cases
probable/confirmed		
cases		
Seat Number (if known)	Text	Seat number
		- The field is blank for not applicable
		case

Data Dictionary for "List of collection points for submission of specimens by patients of private doctors for COVID-19 testing"

This dataset provides information of list of collection points for submission of specimens by patients of private doctors for COVID-19 testing.

Column	Туре	Description
Region	Text	Region
Clinic	Text	Name of clinic
Address	Text	Address
Tel. No.	Text	Telephone number

Data Dictionary for "List of buildings of the home confinees under mandatory home quarantine according to Cap. 599A of Hong Kong Laws"

This dataset provides information of list of buildings of the home confinees under mandatory home quarantine according to Cap. 599A of Hong Kong Laws.

Column	Туре	Description
No.	Number	Sequence number
District	Text	District
